TISSUE JUMBO ROLL

**Surena Cellulose
Industrial Group**

Surena Cellulose Industrial Group is a leading manufacturer of high-grade tissue parent rolls in the Middle East. Utilizing state-of-the-art converting technology and Grade-A virgin fibers, we deliver superior bulkiness, softness, absorbency, and strength for all types of facial, toilet and towel paper.

TISSUE QUALITY

- 100% virgin fibers from the best mix of hardwood & softwood kraft pulp .
- Tissue paper produced using the kraft process with Elemental Chlorine-Free (ECF) bleaching.
- High dry and wet strength , pleasant softness , uniform basis weight , and high bulkiness .
- Exceptional brightness .
- Hygiene and anti allergic utilizing microbiological control system .

CONVERTING QUALITY

- Thanks to high bulkiness optimizing consumption of tissue is accessible.
- No joint in the rolls and easy converting for high speed machines.
- Exceptional uniformity in terms of grammage and strength throughout the rolls.
- Capable of producing from 13.5 to 22 grams with widths from 20 cm to 280 cm to match any converting device on the global market..

Technical Data Sheet

Facial Tissue

Surena Cellulose
Industrial Group

Model Product: Facial Tissue

Description: The high bulk facial tissue manufactured by the Surena Cellulose Industrial Group is a high-quality, 2 or 3 ply tissue paper from 100% virgin wood pulp. The sheet is hypoallergenic, gentle on the skin which specialized them for everyday facial cares and cosmetic purposes.

Main Components: 100% Virgin Pulp

Applications: Facial Tissue For Cleaning and Drying Hands and Face .

Typical And Chemical Properties

Properties	Unit	Lower	Target	Upper	Remark	Test Method
Basis Weight	g/m ²	13.5	14	14.5		TAPPI T410
Thickness	μm	750	900	1000	10 ply	TAPPI T411
Dry Tensile Strength [MD]	N/15mm	3.5	4	5	3 ply	TAPPI T494
Dry Tensile Strength [CD]	N/15mm	1.5	1.7	1.8	3 ply	TAPPI T494
Wet Tensile Strength [MD]	N/15mm	0.25	0.3	0.35	3 ply	TAPPI T494
Moisture	%	4	4.5	6	--	TAPPI T412
Brightness	%	85	86	87	20 ply	ISO 2470

Roll Dimensions

Properties	Unit	Lower	Upper
Roll Diameter	mm	1150	1200
Inner Core Diameter	mm	76	78

Technical Data Sheet Toilet Tissue

Surena Cellulose
Industrial Group

Model Product: Toilet Tissue

Description: The premium toilet tissue manufactured by the Surena Cellulose Industrial Group is a high-quality, 2 or 3 ply tissue paper from 100% virgin wood pulp. The sheet is hypoallergenic, they are an ideal choice for personal hygiene and plethora of daily purposes.

Main Components: 100% Virgin Pulp

Applications: Ideal for personal hygiene and wiping in bathrooms and washrooms .

Typical And Chemical Properties

Properties	Unit	Lower	Target	Upper	Remark	Test Method
Basis Weight	g/m ²	16	16.5	17		TAPPI T410
Thickness	μm	800	950	1100	10 ply	TAPPI T411
Dry Tensile Strength [MD]	N/15mm	4.5	5	6	2 ply	TAPPI T494
Dry Tensile Strength [CD]	N/15mm	2	2.3	2.5	2 ply	TAPPI T494
Wet Tensile Strength [MD]	N/15mm	0.5	0.6	0.8	2 ply	TAPPI T456
Moisture	%	4	4.5	6	--	TAPPI T412
Brightness	%	85	86	87	20 ply	ISO 2470

Roll Dimensions

Properties	Unit	Lower	Upper
Roll Diameter	mm	1150	1200
Inner Core Diameter	mm	76	78

Technical Data Sheet Towel Tissue

Surena Cellulose
Industrial Group

Model Product: Towel Tissue

Description: This high-quality towel tissue mother roll is a 2 or 3 ply base sheet manufactured from 100% virgin wood pulp. Engineered for optimal converting performance, it provides an excellent balance of tensile strength and uniformity which is suitable for producing a wide range of finished products including toilet paper, hand towel and napkin.

Main Components: 100% Virgin Pulp

Applications: Ideal for quick spill absorption, hand drying and surface cleaning in kitchens, washrooms and industrial environment.

Typical And Chemical Properties

Properties	Unit	Lower	Target	Upper	Remark	Test Method
Basis Weight	g/m ²	19	20	21		TAPPI T410
Thickness	μm	800	1000	1200	10 ply	TAPPI T411
